

5k/Walk Info Sheet

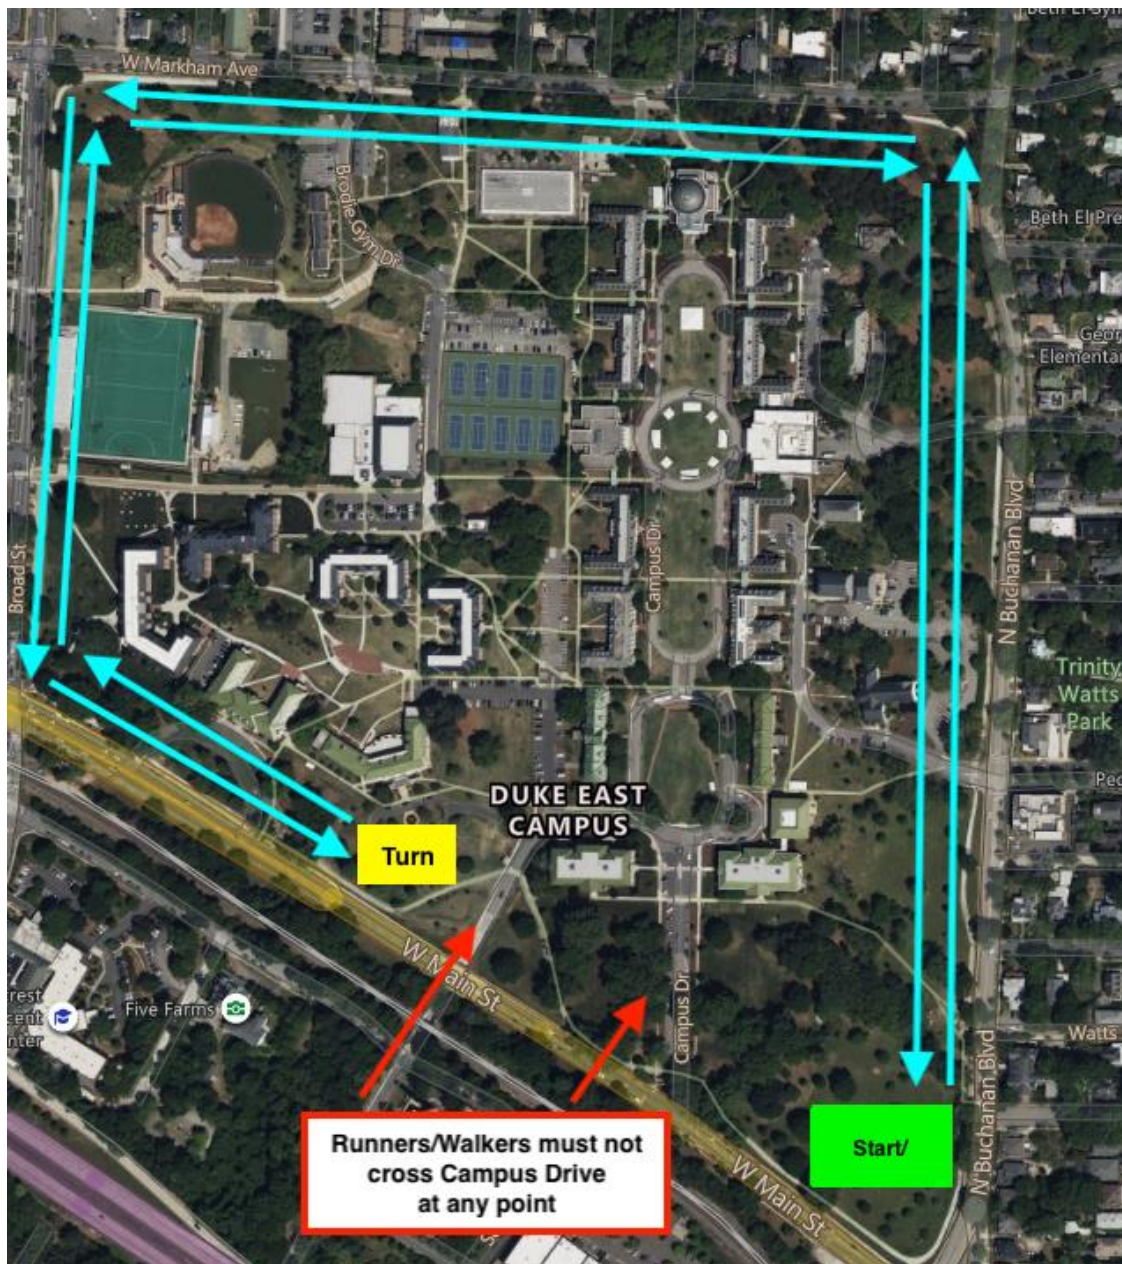

Duke's East Campus trail hosts numerous 5k/walks for Duke departments and student organizations. All 5k/walks must be sponsored or hosted by a Duke department or student organization. Please review the information below to learn more about 5k/walks on Duke's East Campus.

5k/Walk Route:

The only approved route is on East Campus. 5k/walks are not permitted in other areas on campus. The approved route is listed and pictured below:

Your route is not to cross Campus Drive. Begin on the lawn at Main St and Campus Dr, proceed towards Buchanan Blvd, around the wall until you reach Campus Dr, at east campus bridge. At this point you must go back the way you came and you will end where you began on the lawn at Campus Drive and Main St. Please see picture of route below:

Groups that cross Campus Dr. have the potential to be banned from hosting 5k/walks on campus in the future.

Reservation:

To host a 5k/walk you must reserve the East Campus Lawn on Space Finder. You can reserve the East Campus Lawn here: [Space Finder](#)

Approval:

Once, you have completed the reservation request on Space Finder, a CES Event Planner will follow up for more information. At that time, you should reach out to Duke Police for police presence (see below). Student Groups will also need to register their event on Duke Groups.

Police Presence:

5k/walks which have over 100 participants require police presence. To request Duke Police presence, please contact the Duke Police Special Events Coordinator at (919) 684-4115.

Amplified Sound

Amplified Sound is only permitted during certain hours due to the proximity of residence halls and office buildings. The amplified sound hours are noted below.

- 5:00 p.m.-midnight Friday
- Noon-midnight Saturday
- Noon-6:00 p.m. Sunday

5k/walks that take place outside amplified sound hours will not be granted permission to have amplified sound via speakers and a mic.

Equipment Rental

If you are in need of equipment rentals such as tables, chairs, AV, staging, trash cans, etc. Please mention any equipment needs to the CES Event Planner. Equipment Rentals must be coordinated 2 weeks in advance.
